

PRESS RELEASE
JANUARY 5, 2012
Camano Island Mosquito Control District

The Camano Island Mosquito Control District is seeking an interested individual to fill one opening on the Camano Island Mosquito Control District Board of Trustees. The board of Trustees meets 1 day per month for approximately 1 hour. To be considered for this opening a person must be an elector of the district and reside within the district. Members are appointed for a two year term. Applications should be received no later than February 2, 2012.

The Camano Island Mosquito Control District is dedicated to protecting public health, the environment, and responsibly improving the quality of life. The District accomplishes this by utilizing Integrated Mosquito Management (IMM) strategies. IMM is designed to utilize cost-effective control measures to reduce mosquito populations and the diseases they potentially carry, while also being environmentally sensitive and increase public awareness.

Interested individuals should contact the Camano Island Mosquito Control District via phone, mail, or e-mail and request an application for the Camano Island Mosquito Control District Board position.

The Board currently meets on the third Tuesday of each month from 3:00 PM to 4:00 PM at the Camano Senior and Community Center.

Mailing address is;
